Henry N. Taylor Fined \$20 and the Costs.

Garber Case Postponed—Court House News.

Although Charles H. Palmer objects, a guardian will be appointed to look after his property.

The application was filed Tuesday by L. S. Pardee. Previous to the hearing Palmer had not opposed the move. When he learned that he was an alleged imbecile he was angry, claiming that he was competent to take care of his own affairs.

Judge J. A. Kohler was a witness. He said that he did not believe Palmer was capable of transacting business. Mr. Pardee gave the same testimony and Judge Anderson decided that it would be for Palmer's best interests to make the appointment. He has not yet named the guardian.

A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy—Read His Editorial.

From the Times, Hillsdale, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore. Sold by all druggists. E. Steinbacher & Co., wholesale agents.

HEATED Session of the Cuyahoga Falls Council.

Intimated That Some One Has Been Bribed—Not Substantiated.

An insinuation that bribery had been committed in the Cuyahoga Falls council resulted in a stormy session before that body Wednesday evening.

The trouble started over letters written by Civil Engineer Robinson to Civil Engineer Swigart.

A bit of history is necessary to explain the case. More than three months ago Engineer Swigart was given a contract to do some work at \$120 a month. He sub-let the job to Engineer Robinson for \$100. When the Council learned of this a month afterward, Mr. Shumway, chairman of the Street committee, requested that the work be given to Mr. Robinson for \$125 a month. It was so noted.

Then Mr. Swigart wrote to Mr. Robinson, implying that he had been the victim of a low down trick. Robinson replied by letter, it is said, stating that he could use the \$25 to better advantage than Mr. Swigart. Hence it will be seen Mr. Robinson cast a reflection of bribery on the Council.

Councilman E. M. Young said he would not vote to pay Mr. Robinson's salary until he had made an affidavit setting forth who had been bribed, or admitting that he had told a falsehood. Sharp words passed between the various members and it was more than an hour later before the war of words subsided.

During the controversy Harper Allen called City Solicitor E. A. Prior many harsh names.

Four Chinamen Who Are En Route to Cuba.

An officer keeps guard over the party continually.

ARM IN ARM.

Continued From First Page.

Republican gubernatorial nominee. The great bulk of the Jones support at home as well as in general seems to be coming from the Republicans in the workingmen's ranks. The Umschau, the leading Republican paper of western Ohio, published at Greenville, contains in its last issue a full page of editorial condemnation of McKinley and his imperialistic policy. The Umschau advises all German-Americans who retain the least respect of regard for the Fatherland and its peaceful associations with the United States to vote against McKinley, Hanna and Nash, the triple alliance that is a living representative of the grasping spirit generally favoring an Anglo-American coalition.

It is the intention of the Ohio Association of Democratic clubs to establish headquarters in the new Democratic state headquarters on South Third st., and from that point conduct the work of the club organization in the most lively manner possible, says the Columbus Press Post. Already most encouraging reports have come to hand, and Secretary Koerner is enthusiastic at the outlook. One of the most significant actions is reported from Allen county, where a county McLean club is being organized, with committees busy at present working up a membership in every precinct in the county. The state committee has guaranteed them quarters in their building, and the work of the association will be at the prompting of the committee chairman very largely.

who has the reputation of being one of the best organizers in the state. President Bachtel is expected here from Akron this week.

The Summit county Prohibitionists have obtained a sufficient number of names on their petition to entitled them to a place on the county and state ballots. The Young Men's Prohibition club is making arrangements for a mass meeting here in October.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by all druggists. E. Steinbacher & Co., wholesale agents.

Increased Enrollment.
The enrollment of pupils at the High school Wednesday was 494, not counting the 125 eighth grade pupils in the building. This number was an increase of 75 over the enrollment of last year.

Isn't Mortgaged.
The Akron Germania, a German Republican paper, has bolted the Hanna ticket and come out for McLean and the whole Democratic ticket. It says that "the Republicans will have to resort to superhuman means and the Democrats to unparalleled stupidity if we don't see a long list of Hanna Republicans defeated at the election this fall." This is more than an equivalent for the Plain Dealer.—Youngstown Vindicator.

Right you are. John D. Rockefeller hasn't a mortgage on the opinions of the editor of the Germania.

Grain-O Brings Relief

To the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, excites the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise; the an-der package.

A Sermo on Trusts.
An Akron dispatch says that the plant of the Akron Aluminum company has been closed for an indefinite period. The company is in the combine, and it is probable the works will be abandoned. This is the "economic" law of the trusts to prevent cheapening products and hold up prices. By combining, competition is destroyed, and to prevent "overproduction" and make it easy to hold up prices, some of the mills in the combine or trust are shut down.—Youngstown Vindicator.

Officers Called.
Captain Harry J. Blackburn, First Lieutenant Will O. Rutherford and Second Lieutenant W. E. Walkup were summoned to Columbus Wednesday afternoon by Adjutant General Axline to be examined.
